

## **How to bring a weapon to the Czech Republic**

**Head Office of the Police Czech Republic  
Headquarters for Administration**

### **The European Game Shooting Championship 2006 – the attitude of Police CR**

#### **For the not keepers of the European firearms certificate:**

*The Act of Arms (z.č.119/2002 Sb.)* allows temporarily to bring, keep or carry weapons and munitions in the territory of the Czech Republic, among others the weapons of the categories B and C for the game purpose, on account of a permission. This permission is the *arms accompanying document for transit of weapons and munitions* (further only AAD), which is brought out by the *Consular Department of the Czech Embassy* in a pertaining foreign country. A condition for issue of this permission is submitting of the certified invitation of a game organizer. The latest possible date, on which is to apply for the permission, is by the entrance to the Czech Republic by the alien border police on a given crossing point. But we recommend you to apply for AAD issue before travel by the *Consular Department of the Czech Embassy*, if possible in 1 month pre-ignition in respect of period for administrative proceedings according to the administrative order, which is AAD issue complied with. *The Act of Arms* also imposes the transiting AAD keepers to announce weapons transport by crossing the border by the alien police on the Czech crossing point, inclusive submitting of weapons and AAD for check purpose. It is also necessary by the return travel. Application forms of AAD issue are available in foreign language versions by the both hereinbefore workplaces.

#### **For the keepers of the European firearms certificate:**

For completeness it is necessary to inform you about possibility of the temporary arms transport for game purpose without the hereinbefore permission. It is conditioned by keeping the valid *European firearms certificate* (further only EFC), in which are registered owned arms, and by substantiation of trip reason by the hereinbefore invitation. A keeper of EFC performs his notification duty. He submits the EFC, transported weapons and the certified invitation of the game organizer. He does not need to have the AAD. By the hereinbefore advance is fulfilled the entire notification duty towards Police CR, related to temporary presence of arms on the Czech territory. The other possible inquiries are to use by the captain Marie Spinkova, the phone number: +420 974 834 278.

With regards

Dipl. Ing. Jan Polišenský

Director of the European Championship 2006
